

Nonprofit Celebrates One Year Serving Youth in Foster and Adoptive Families

WHAT: Cornerstones of Care will host an open house to celebrate the success of children and families who received services in outpatient counseling and treatment foster care. Last summer, Cornerstones of Care and Foster & Adoptive Care Coalition partnered to bring more mental health services to St. Louis-area foster and adoptive families. Since launching, nearly 100 children and families received care from therapists, who are highly trained in the areas of trauma, attachment and adoption.
